Satisfied customers

Ms H Story

Ms H, 83, was living alone in Leyton in a home with no heating, no hot water, no working bathroom or toilet. She had become isolated and vulnerable to ill health and depression.

BEFORE

AFTER

Extensive works transformed Ms H's home. The house was initially valued at £400k in its pre refurbished state and it is now estimated to be worth £775k.

Ms H, continued

Before

After

“I am overwhelmed by the transformation of my house and am so impressed with the support and professionalism of LRS. Thanks to them I now have a beautiful home which I am really proud of, I feel like a new person!”

Ms H, homeowner

Ms H is back living in her lovely home and London Rebuilding Society remains in contact.

Mr & Mrs A

BEFORE

Mr and Mrs A and their four children lived in this 3-bedroom house. Two sons slept in the living room as they couldn't afford to move out and rent. With no money to maintain or repair the house, it had deteriorated into a very poor condition.

AFTER

Funded by the lifetime mortgage, LRS renovated the house adding two bedrooms and an en suite bathroom turning a 3-bed into a 5-bed. The house valued at £200k pre-refurbished, has now been valued at £750k.

“With help from LRS our lives have been completely transformed - we are now happy and healthy” Mrs A

How we do it

1 - One person as your point of contact

One of our Client Relationship Managers will visit you to assess your needs and explain the scheme. If you proceed they will support throughout until you are back in your home.

2 - Accessing grants

We review your eligibility for grants benefits, energy efficiency, adaptations, etc, and where eligible we help you get them.

3 - Introduction to a Regulated Financial Advisor: Age Partnership

You may be eligible for a lifetime mortgage, which could release equity in your home for your improvements. There are no monthly fees or payments and you can own your home for the rest of your life.

4 - Get the most suitable financial product

If the scheme is suitable, and you want to go ahead, our Age Partnership advisor will look at all the financial options available to you. They only recommend a product they believe to be fair, suitable and appropriate.

5 - Meeting your needs

Our surveyor assesses your repair and refurbishment needs and draws up a specification for the works that you approve.

6 - We carry out the works

When the offer of finance is provided and accepted by you, we manage all the works. We liaise with the local authority, organise storage, temporary accommodation, tender, manage and oversee the works on your behalf.

7 - Enjoy your new home

You return to your new home, and enjoy a comfortable life. You deserve it.

Benefits to you

A home fit for a long comfortable and happy life

An individualised package of support designed for your needs

Access to all available benefits and grants

Referral to full market regulated independent financial advice

Guaranteed quality improvements repairs and adaptations

All costs and fees are fair and clear

The scheme is free up until you are happy to proceed
